

Dr. Barry Campbell

In 1986 through 1988 I was the Resident member on the Executive of the Canadian Psychiatric Association's Section of Psychogeriatrics a precursor to the CAGP.

I currently have interests in Capacity assessments, models of Board governance, the use of ECT in BPSD and community outreach geriatric psychiatry.

I work Manitoba with the Winnipeg Regional Health Authority and the Prairie Mountain Regional Health Authority.

I am an Associate Professor with the University of Manitoba. I am a Board member and past Board President of the Alzheimer Society of Manitoba.
