

## **Employment Opportunity at Baycrest**

Baycrest is an academic health sciences centre that is fully affiliated with the University of Toronto providing a continuum of care for older adults, including independent living, assisted living, long-term care and a post-acute hospital, all within one campus. Baycrest is a vibrant working environment that prides itself on excellence in patient and family-centred care, continuous quality improvement, and innovating new models of care.

Baycrest is seeking a full-time psychiatrist to provide clinical care in the ambulatory mental health clinic and outreach team. Other activities will include participation in the on call and ECT schedules and contributions to medical education, research/scholarship, and innovation. Successful completion of subspecialty residency or fellowship training in geriatric psychiatry, or completion of the Royal College geriatric psychiatry certification examination, is considered an asset for this position.

Qualified candidates are invited to respond in confidence with a covering letter and curriculum vitae to:
